

## **About Mammaly**

Mammaly is a Berlin-based pet health company on a mission to improve the lives of dogs and their owners through functional snacks and supplements. We combine high-quality ingredients, veterinary expertise, and innovative product formats to make dog health simple, tasty, and effective.

Founded in 2020, Mammaly quickly grew from a small startup into one of Europe's fastest-growing pet supplement brands. We've raised multi-million Euro funding from well-known investors, allowing us to expand our product portfolio, scale our online presence, and secure retail partnerships across Germany and beyond.

Today, Mammaly products are available:

- Direct-to-consumer via [mammaly.de](https://mammaly.de)
- Amazon
- Offline retail partners across Germany

With a strong community of pet parents and a growing international footprint, Mammaly is building the leading brand for dog health in Europe.

---

## **Internship Opportunities (3–6 months)**
