

Forschungskolloquium

HWS 2025

Fr. 13:45 – 15:15

L13, R 519

Termine	Name	Thema
12.09.2025	Thorsten Meiser	Introduction & Organization
26.09.2025	Emre Alagöz	A systematic comparison of mixture distribution models and score-based partitioning
	Timo Seitz	Faking, fast and slow: A response-time-based latent response mixture model
	Selina Zajdler	Covariate-informed classification of qualitative individual differences
17.10.2025	NN	TBA
31.10.2025	NN	TBA
07.11.2025	Luise Metzger	Modeling individual differences in cognitive processes: A maximum likelihood approach to hierarchical MPT models
21.11.2025	NN	TBA
05.12.2025	NN	TBA
